Chicago's multi-family industry has proven to be resilient. Over the past few years, it has experienced remarkable strength while facing challenges of new supply, rent control, shifting populations and governmental fiscal issues. The question remains how long will this cycle last? How is the spring rental market shaping up? Are there other solutions to the affordable housing problem beyond rent control? How is the new assessment strategy impacting investor's sentiments? Where are investors finding opportunities?

Come hear our distinguished panel of multi-family experts discuss and answer these questions and more.

Moderator: Kate Varde, Principal, Essex Realty Group

Panel: Ron DeVries, MAI, FCIS, Sr Managing Director, Integra Realty Resources
